FOREWORD

Thank you for purchasing this Morooka Rubber Crawler Carrier.

When ordering a part, please specify the model serial number, the engine serial number and the reading of the hourmeter.

READING FOR PARTS LIST

For complete understanding, the parts list is written as follows.

Fig. Number	Figure numbers are not continuous.
Description	“ • ” is put in front of the name of an assembly component and the item is entered next to the assembly. If part marked with “ • ” is an assembly, its component is part marked with “ • • ”.
Quantity	The number of pieces per set used for assembly is specified. For assembly or part group components, the number of pieces per assembly is specified.
Serial number	The engine or machine serial number in which the part is used.
Codes	The codes and part number specified in the “Part No.” and “Part name” columns represent the following: ☐ The part specified in the line above is applicable instead of this part. ☆ Supplied as a set rather than singly.

This exploded perspective view illustrates the assembly of a mechanical unit. The main housing (1) features a front panel with a circular opening (5) and a side panel with a vertical slot (18). The assembly includes various fasteners and structural components:

- Top Assembly:** A bracket (13) is secured by a screw (14) and a pin (15). A cap (16) and a sleeve (17) are shown above a central opening (22) in the top surface.
- Side and Front Mounting:** A vertical rod (9) with a flange (10) and a pin (11) is positioned for the side. A long vertical rod (18) with pins (19) is shown for the front panel.
- Front Panel and Base:** A circular flange (6) with a gasket (7) and a ring (8) is shown for the front opening. The base (4) has mounting points (2, 3) and a handle (20) with fasteners (21).
- Internal/Bottom Components:** A circular plate (5) and a ring (8) are shown near the base, along with a small component (23) and a pin (24).

 Dashed lines indicate the alignment and assembly path for these components.

This technical diagram illustrates the fuel system components of a vehicle. The engine is shown on the left, with various fuel lines and components labeled. A fuel tank is located at the bottom right. The diagram includes several numbered labels: 1 points to a fuel line, 2 points to a fuel filter, 3 points to a fuel pump, 4 points to a fuel injector, 5 points to a fuel line, and 6 points to a fuel line. The diagram shows the flow of fuel from the tank through the pump, filter, and injectors into the engine.
